Beginner Genealogy

Date and Time: Thursday, January 16 2:00 pm - 4:00 pm

Address: 787 Broadway St. Wyoming, ON N0N 1T0

This six-week workshop will take you through the basics of uncovering your family history using resources online and in the Archives collection. This workshop will run from January 16 to February 20 and includes six sessions held on Thursday afternoons from 2:00 - 4:00 p.m. Each new session will cover a different skillset or area of genealogical research and it is recommended that participants attend all six sessions to get the most out of course material.

PA Day Event: Watts of Fun

Date and Time: Friday, January 31 11:00 am - 3:00 pm

Address: 2423 Kelly Rd, Oil Springs, ON N0N 1P0

Power Up Your Knowledge at the Oil Museum of Canada!

Join us for an electrifying PA Day adventure where kids will uncover the fascinating journey of electricity – from power plant to your home! Through hands-on activities and exciting demonstrations, young scientists will discover how electrons dance between atoms to create the power that lights up our world.

Ever wonder how we get electricity in our homes? Join us for an electrifying PA Day adventure and find out! Watch amazing demos that show how tiny particles called electrons move to make electricity. See how power plants make the electricity that travels to your house to power your TV, lights, and games.

Make static electricity using balloons and watch our special Static Electricity Butterfly dance in the air. Want to make a battery from a potato? You can do that too! Take turns cranking a real generator to make electricity, and solve a tricky energy distribution maze to see how power gets to your house.

Regular museum [admission rates](#) apply.

PA Day: Winter Warm Up

Date and Time: Friday, January 31 11:00 am - 4:00 pm

Address: 10035 Museum Rd, Grand Bend, ON N0M 1T0

Strike a pose and we'll place your photo inside a winter scene from a historical postcard. Take your custom postcard home and mail it to a friend!

Learn about the hardships people faced during the winter long ago, and strategies to overcome them. A family-friendly interpretive program will take place at 11:30 a.m., 12:30 p.m., 1:30 p.m., and 2:30 p.m.

Use your observation skills to solve our snowflake scavenger hunt.

Participate in seasonal outdoor activities (weather permitting). Fingers crossed for snow!
